OUR PAST EVENTS

Successful Launch of linkeo DC PDU

On 19 July 2023, over 120 industry experts gathered to celebrate launch of the latest power distribution unit in Legrand's Data Center Solutions range: the Linkeo PDU!

It was a lively night of live music and celebrations, where we were joined by our honoured guests, Karine Alquier-Caro, Nicholas Maupas, and Jean-Pierre Viannay, as well as VIP end-users, system integrators, and distributors from over 70 companies. Our team of experts proudly showcased the capability of the latest Linkeo PDU, and showcased the variety in our product range, as our guests enjoyed the spectacular view and refreshments at our venue.

We were pleased to be able to share Legrand's latest achievements and our current vision of working in sync with industry professionals, and to extend our gratitude for working with us to pave the way for improvements in Singapore's data center industry. Legrand's team of experts are always up for the task of engaging with enquiries about our data center solutions, and we are looking forward to celebrate many more successes to come!
